Regarding 2805 Rivercrest: we request a postponement to the MARCH meeting. We are still refining our engineering plans in order to get neighbors' support.

Greetings /11 Board of Adjustment Applicants – I've attached the agenda for Monday's meeting, please review it and reply if you need to postpone or withdraw your case.

Here is the link to the case material for the meeting:

Take a look and if you see anything missing that you'd like to present to the Board, bring 15 copies of that info to the hearing Monday. You can also bring an electronic copy of all your evidence on a usb flash drive and will be able to project information as you speak on your case.

We'll be adding late back up (material received from 12/28-noon the day of the hearing, mostly responses to the notice mailing) to this link after 4pm on Monday, so take a look at that info for your case before or at the meeting (we have public access wifi at the Council Chambers).
